

Integrated Policy for Quality, Product Safety, Environment, And Occupational Health

- 1. Employee Well-being:** We prioritize the health and safety of our employees and strive to cultivate a safe working culture, adhering to the ISO 45001:2018 occupational safety standard.
- 2. Quality Commitment:** At StePacPPC we consider product and service quality to be vital for our competitive edge and business success.
- 3. Our quality mission** is to embrace continuous improvement and strong quality culture to ensure StePacPPC delivers safe, high-quality, innovative packaging that supports sales growth, new markets, and customer trust.
- 4. Environmental Responsibility and Climate Action:** We recognize the global impact of climate change and the importance of reducing our carbon footprint. StePacPPC is committed to implementing measures that minimize environmental impact and comply with ISO 14001:2015 environmental management standards. Our products support sustainability initiatives and contribute to reducing greenhouse gases.
- 5. Food Safety:** We rigorously emphasize food safety and product quality, adopting the FSSC 22000 food safety management standard to ensure the highest level of safety across our operations.
- 6. Comprehensive Quality System:** Our operations are guided by a set of procedures aimed at maintaining high-quality standards, including FDA Quality Management System Regulation (QMSR), which incorporates ISO 13485:2016 by reference, for medical devices marketed in the United States, ISO 9001:2015, ISO 45001:2018, ISO 14001:2015, FSSC 22000, Customer requirements, and requirements of any applicable law.
- 7. Success Factors:** The success of StePacPPC relies on two essential elements: satisfied, long-term customers and dedicated employees -our most valuable asset. Their commitment, expertise and adaptability are critical to achieving our business objectives and quality goals.
- 8. Engaging and Consulting with Employees:** We are committed to engaging and consulting with employees and stakeholders, in efforts to achieve customer satisfaction, enhance safety, protect the environment, and ensure communication of all known hazards.
- 9. Continuous improvement:** We commit to complying with applicable regulatory and customer requirements, and to maintaining and continually improving the effectiveness of our quality management system. The quality policy provides a framework for establishing and reviewing quality objectives. Continuous improvement is a core principle in quality management, product safety, occupational safety, and environmental responsibility.
- 10. Policy Implementation:** StePacPPC ensures that this policy is communicated, implemented, and understood at all levels of the organization. It is reviewed regularly during management reviews to maintain its continued relevance and effectiveness.
